SPHERITY

LINKED DATA

Why AI and physical AI need this.

GROUNDING

AI answers from linked, sourced facts instead of guessing from PDFs.

PROVENANCE

Every answer traces to an issuer, a version and a legal source.

GUARDRAILS

SHACL rules are machine-checkable conditions an agent must meet before it acts.

CHANGE PROPAGATION

When evidence changes, every dependent decision can be found.

EXAMPLE · A HUMANOID ROBOT (FICTIONAL)

A laboratory withdraws one test report. The evidence graph finds the robot configuration that relied on it and puts its release on **HOLD** for review. A flat record cannot do that.
